KYLE BRUMM

Frontend engineer with over 10 years of experience with a passion for building intuitive and clean user interfaces. Thrives being at the intersection of engineering and design to help bring delightful user experiences to life.

EXPERIENCE

Shopify

Senior Frontend Engineer
Dec 2021 - Present

- Led a complete redesign of the “Content” section to improve customizability and flexibility for merchants, leading to a better user experience
- Collaborate/pair cross-discipline to solve complex problems and provide the best solution for our merchants
- Work with senior leadership and to provide clear communication to stakeholders and ensure projects are delivered on time

Simple Focus

Lead Developer
Aug 2017 - Dec 2021

- Defined technical solutions and specifications for development projects
- Ensured project deliverables were finished on time and in budget
- Held weekly 1-1 with developers to check in on current projects and mentor to help expand on their current skillset
- Build headless sites, design systems, and component libraries with React as well as custom themes and plugins for Craft CMS / WordPress
- Led the process of setting up a new hosting and deployment system

The Sandbox Agency

Web Developer
Sept 2016 – Mar 2017

- Developed responsive templates and custom plugins with Craft CMS
- Coded responsive marketing emails for use on the Salesforce Platform
- Implemented tools to streamline the development team’s process

Happy Medium

Web Developer
Jan 2015 – Jan 2016

- Worked side-by-side with account coordinators and designers to turn PSD designs into pixel perfect WordPress websites
- Helped define the developer’s workflow and build process with the use of internal tools and custom automation scripts
- Kept the development team organized by managing the team’s Trello board and assigning tasks to team members

EDUCATION

Iowa State University

Bachelor of Fine Arts in Design

Kirkwood Comm. College

Associate of Science
